

**Starting Sunday, October 18** we will add an online coffee hour and change the time of our second, online-only worship time. Perhaps most importantly, **we will gather at the table for communion** at both services in real time.

**What this means:**

**8:30 Outdoor In Person and Livestreamed Worship will continue with the addition of Communion** (bread only) for those at worship in person. At the direction of the Bishop, the livestream will end before communion as communion may not be recorded and posted. Communion is a shared experience, done in community, and therefore we will not include it in any saved video. You are asked to continue to register for in person worship; walk-ins are welcomed as space permits.

**At 9:45 we will have a zoom Coffee Hour** with breakout rooms so that we can socialize a bit! Have your coffee or tea ready and click the link in that week's ezine to connect online. Soon we plan to add a Bible or Sermon/Scripture study and children's programming during this hour. Stay tuned.

**The current 10 am service will be at 11:15 am and via zoom. Communion will be shared** so have any type of bread or cracker and wine or juice ready.

**Finally**, when it becomes too chilly to gather outside at 8:30 am, we will flip flop the services and have zoom worship at 8:30 and outdoor in person worship at 11:15. We will continue to livestream the outdoor service on facebook.

***We are excited to have additional ways to gather, worship and enjoy fellowship with each other!***
