ZOOM Videoconference Tips: If you have a computer, tablet, a smart phone, smart tv and good internet connection, you can use zoom videoconference.

If you have a telephone, you can connect on zoom with audio.

TO USE ZOOM LIVE VIDEOCONFERENCE:

BEFORE YOU ZOOM FOR THE FIRST TIME:

- **It is helpful to already have "zoom" downloaded on your streaming device** (computer, tablet, etc.). Go to <https://zoom.us> to sign up for a free account; follow the instructions to download the zoom application to your device. Then when you get an invitation to a zoom meeting, the link in your email invitation will automatically take you to the zoom conference; you won't need to take additional steps.
- If you are watching on your smartphone we suggest that you download the zoom app (free in the app store) in advance. When you click on the zoom meeting link (in the email) your phone will ask if it should open in the zoom app. Say "yes" and it will connect to the app and the live "meeting".

IT'S TIME TO ENTER A ZOOM MEETING:

- Before each zoom meeting you will get a zoom link in an email from either the office or your team leader. The link may also be in our weekly ezine.
- A few minutes before the meeting you can click on the link (in the email) and join the meeting. **Be sure your sound on your device (your phone or tablet or computer) is on** so you can hear as well as see.

MANAGE WHO CAN SEE AND HEAR YOU AND HOW YOU VIEW THE MEETING:

- When you sign in you are usually muted (we can't hear you but you can hear others) and
- your video will be on (we can see you and you can see others). **You can turn on/off video and audio of yourself** by clicking on the camera and microphone icons (sometimes in the bottom left or top right; hover your cursor or tap with your finger to see the icons) if you don't want to be seen and/or heard.
- If the group is large you may want to be muted unless you are talking. You can hear the speaker when you are muted but the rest of us cannot hear your television, your dog, the passing fire truck or any other background noise at your home. Thank you! The moderator may mute everyone if that is helpful.

TYPE PUBLIC OR PRIVATE CHATS TO OTHER ZOOM CONFERENCE MEMBERS:

- You may type in chats to other church members in the zoom meeting if you like. Look for "Chat" and click to use this function.

SEE EVERYONE ON YOUR SCREEN OR FOCUS ON THE SPEAKER:

- You can choose to have your screen in "Speaker" Mode – where the person speaking is the majority of your screen and only a few others are in small video boxes at the top or along the side, or a "Gallery" mode where each person is in an equal sized video box, sort of like the Brady

Bunch. Toggle back and forth between these modes by clicking on the icon, which may be in the upper right corner. (Sometimes they display differently on different devices.)

BREAKOUT ROOMS:

- If the group is large, the moderator may set up breakout rooms so that you may interact more easily in a small group. The moderator will set these up and you will see a pop up box asking you to click and join your small group.

WHEN IT'S OVER:

At the end of your meeting be sure to click *Leave the Meeting*, usually in the bottom left. (If you have a moderator she may end the meeting for everyone.)

PRO TIP:

Don't be afraid to click and try! You can always go back to your email link and get back in the meeting if you disconnect completely. The worst that can happen is that you miss a few minutes of your conference.

TO USE ZOOM ON YOUR TELEPHONE (no video):

You can join a Zoom meeting via teleconferencing/ audio conferencing using a traditional telephone.

This is useful in occasions where:

- you do not have a microphone or speaker on your computer,
- you do not have a smartphone (iOS or Android), or
- you could not connect to a network for video and VoIP/ computer audio.

Dial any one of the phone numbers provided in the zoom invitation. eg: 1-301-715-8592. You will be prompted to **enter the meeting ID** - the nine (9) or ten (10) digit ID provided to you by the host, and possibly the passcode.

For coffee hour these are: Meeting ID: 860 1633 2400 / Passcode: 451951

For zoom worship these are: Meeting ID: 854 7436 5438 / Passcode: 836171

Soon you will be connected and able to hear and speak as part of the conference call. When you are finished, hang up.
